## Ninth Meeting of the Latin Club

### *Send Your Postal Card at Once*

The ninth regular meeting and the third annual meeting of The New York Latin Club is called for Saturday, May 16, at 12 M, in the Hotel Albert, corner of University Place and Eleventh Street, New York. The Club will be addressed by Dr Wm T Vlymen, Principal of the Eastern District High School, Brooklyn. All persons who are interested, whether teachers of Latin or not, are cordially invited to be present. The plan is to serve luncheon (50 cents a plate) at 12 M promptly, so that there shall be no delay. The address will follow the luncheon, and adjournment will occur about 2 P M, *thus leaving the afternoon still unbroken for those who attend.* Please send a postal card at once to the Secretary, Mr A L Hodges, 309 West 101st Street, New York, if you intend to be present, so that we may inform Mr Frenkel, the proprietor of the hotel, how many to expect. *Please attend to this at once.* Ladies are especially invited.

H F TOWLE, *President*  
A L HODGES, *Secretary*

## Several Papers on the Type of the Greek Epitaphios with Special Reference to the Oration in Thucydides

### FIFTH PAPER

## STYLISTIC COMPARISON BASED ON PARTICIPLE AND FINITE VERB

It would be interesting to make a minute comparative study of the five different epitaphioi in their use of hiatus; of questions; of doublets; of vocabulary; the reflexive pronoun; the articular infinitive; the correlatives  $\tau\epsilon \dots \kappa\alpha\iota$  and  $\tau\epsilon \dots \tau\epsilon$ ; the prepositions; antithesis, hyperbola, metaphor, and simile; syntax and periodology; the period and the individuality; the rythmical law according to which Demosthenes avoided the accumulation of more than two short syllables; and so forth; but the limits of space would not permit, though inclination is strong. I have, however, taken up what I regard as perhaps the most general characteristic of the epideictic style—the play of the participle and the finite verb. To this end I have prepared diagrams showing the curves of the participle and finite verb for each speech. The representation of statistics by curves is by no means new, but its
